Education

2014 – **Rice University**, Houston, TX
Computer Science
GPA 3.56/4.0
Graduating May 2018

Advanced Object-Oriented Programming
Functional Programming
Reasoning about Algorithms
Principles of Parallel Programming
Introduction to Computer Systems
Introduction to Program Design
Introduction to Algorithmic Thinking
Introduction to Computer Engineering
Introduction to Computational Thinking

Experiences

Fall 2016 **Rice University**, Houston, TX
Teaching Assistant – Introduction to Program Design

Summer 2015 **Vital Connect Inc**, Campbell, CA
Software Engineering Intern – App development team

Helped design and implement an event based library in Java for future Android apps. Created a Bluetooth library in java and integrated it into the existing company app.

Summer 2013 **Vital Connect Inc**, Campbell, CA
Biomedical Intern

Designed experiments to test health monitoring devices. These tests included blood pressure measurements with impedance devices and step length with a pedometer.

Winter & Spring 2013 **Global Hearing Inc**, E. Palo Alto, CA
Assistant to Audiologist

Responsible for sending and receiving hearing aids, scheduling appointments, and organizing patient files.

Skills

Java, Python, C, HTML, CSS, Javascript, Github, IntelliJ, Eclipse, Microsoft Office

Honors

2016 President's Honor Roll
2014 Trustee Distinguished Scholarship
2014 National Hispanic Scholar, National Commended Scholar
